Volta still life (4)

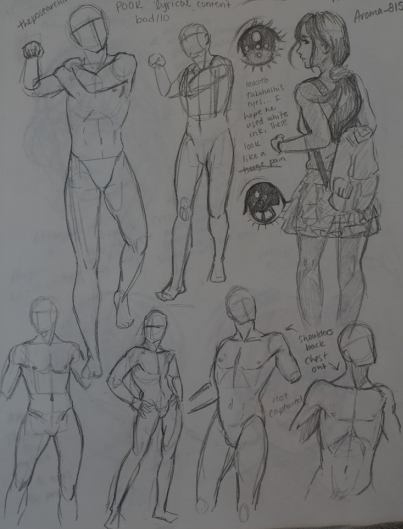

I don't really
like this wig
as is. I'm
sure I can
straighten
it later
though.

the pose archives

Head - Save me From Myself
POOR lyrical content
bad/10

2/2

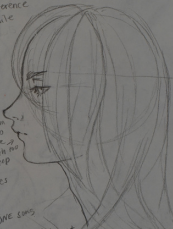

Arema-815

Ana - eyes too far right
 - shorten eyebrows to eye width
 - lean for too far apart rather than too close

Watch out for tangents!

def SD17
 Will in reference photo while Volta is SD17B

attempt 1 bottom lip too large + mouth too deep

Enigma

Cross of changes needs more gregorian chants
 They're only in ONE song

Attempt 2

there is crap here so I can't see his jaw

Enigma
 Le roi est mort

Attempt #2

my original ref was not even a straight on side profile smh!!!

APC

Thirteenth Step

set eyes way deeper than I normally would

I'm consistently placing the middle off center

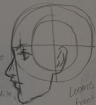

Center of eyelid will always be deeper than the center of brow bone offset should increase as angle grows larger?

my spacing intention is consistently wrong

I'm never sure how far back to place eyes in profile

pupil centered

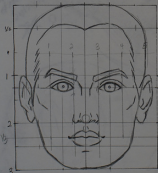

Loomis places front of eye halfway back

pupil centered

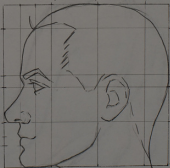

checking Loomis

I'm not sure where this line falls in relation to the cut off side

Loomis Drawing the head Plate 18

1 inch = 1 unit

"Eyes fall between the middle halves of the two units."
